

### Project update: 3

23 January 2018

#### Project Director - Tim Collins

The Westport Taskforce is pleased to announce that Mr Tim Collins has been appointed Project Director and will start on 30 January.

Tim will bring to the role a wealth of knowledge and experience in port related strategic planning, commercial management and logistics. As a senior executive working in global supply chains over many years, he has shown leadership through the changing demands of import/export supply chains both as an exporter, operator and freight service provider.

In recent years he has been at the centre of delivering supply chain operations serving the Western Trade Coast in his current role as Business Development Principal for Arc Infrastructure and previously as Executive Manager Logistics for the CBH Group.

Tim has a strong commitment and ability to consult and engage with stakeholders, guide the development of strategic initiatives necessary to create opportunities, respond to change and deliver the results necessary for Westport's success.

Highly qualified, Tim commenced on his career path as a graduate of the Royal Military College of Australia, to completing a Bachelor Degree in Transport Economics and Logistics from RMIT, a Master of Management from Macquarie University and a Master of Business Administration from Southern Cross University. He has also completed post graduate studies in Education and has completed the Advance Management Program at INSEAD, Paris.

The Westport Taskforce is looking forward to welcoming Tim to the team and working together to achieve Westport's success.

#### Reminder to submit comments on Westport paper

There is still time to submit feedback and comments on the **Westport: Preparing for the Strategy, discussion paper**.

This is an opportunity to be part of the conversation on developing a strategic approach to planning Perth's future freight, trade, logistics and defence needs.

Feedback on the discussion paper will be accepted until 5pm, 31 January 2018 and can be submitted by visiting [www.transport.wa.gov.au/westport](http://www.transport.wa.gov.au/westport)

---

#### Technical consultants briefing

A briefing session for prospective environmental, engineering planning and other technical consultants will be held on Tuesday 6 February in the Exhibition Hall at 140 William Street, Perth from 10-11am.

This session will outline the project progress and procurement protocols. If a representative from your company would like to attend, please email [enquiries@westport.wa.gov.au](mailto:enquiries@westport.wa.gov.au) before 31 January.
